Chuck,

Thanks for your email regarding the driveway permit for The Barn (aka The Barn of Chapel Hill). I was on vacation last week but will be back in the office on Monday. I'll give you a call on Monday to discuss the proposed use of the property/development.

Thanks,  
Tim

Tim,

We have received the driveway permit submittal for the above. Based on recent discussions with Orange County Planning we understand that there may be uncertainty as to the proposed uses and associated trip generation of the proposed development. I would appreciate you giving me a call for additional discussion to provide needed clarification prior to us moving forward with the permit.
